<b>PRECONTRACT APPROVAL RECORD</b> (PART TWO)	<b>CONTRACT</b> <b>GB-1965</b>
--	-----------------------------------

The services and equipment being procured by this Contract No. GB-1965 are in furtherance of the COUNTER MEASURES Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all covert expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

**This Contract GB-1965 provides for consultant services in the field of Electromagnetic Warfare Planning. It is the follow-on to Contract GA-1853 with the same Contractor, General Electric-Tempo, and was issued to permit the settlement and closing out of Contract GA-1853. Because of an increase in overhead rates at General Electric-Tempo which caused an overrun in final settlement of that contract the follow-on effort under GB-1965 is on a labor-hour basis with fixed overhead and labor rates. Travel was to be reimbursed at cost plus G&A but without profit. The contract covers the period 1 January 1965 through 30 June 1965 and the Contractor was authorized to proceed under a Notice to Proceed dated 1 January 1965. With the completion of this contract on 30 June 1965 it is understood that no future follow-on effort is contemplated with General Electric-Tempo; accordingly Contract GB-1965 will be audited and finally settled in July 1965.**
